

## Editable DVD's

Our DVD's are produced to be played on standalone DVD players. Many customers are now asking about editing their DVD's Whilst this is perfectly possible from our DVD's the process does require the content to be extracted and converted to a format that is more suited to editing. Some customers may chose to do this themselves. For those who prefer.....

We are now able to produce an additional disc with the customers choice of avi or Mpeg file ready for them to import it into their chosen software. The price of £8 at retail is shown on the price list and is per DVD produced.

## DVD bulk Duplication prices.
